

Hello I'm Paul, I'm the MD here at SPOCE Project Management Ltd

Where you are now...

I appreciate you may be feeling nervous and uncertain with the COVID-19 pandemic affecting all our lives either directly or indirectly. We want all our students to stay safe and well so...

Where you will be...

I want to reassure you that as from now, you will be able to learn and study your chosen course from the safety and security of your own home without having to travel to classes. So you'll save time, money and keep safe which is the priority right now.

Our team has already been remotely working for over 2 years so we - and our systems - are ready to help you transition from a physical classroom to a live virtual one.

You will receive help from our advisors on how to switch from classroom learning to remote study - please don't fret, we'll be in touch soon to help you move to either [Onlive Virtual Classroom](#) or our [e-learning](#) format.

Either way, you'll find it really easy. All our courses are available in the [SPOCE ONLIVE Virtual Classroom](#). The Virtual Classroom now offers:

- [APM](#)
- [Agile PM](#)
- [Change Management](#)
- [MoP](#)
- [MSP](#)
- [PRINCE2](#)
- [PRINCE2 Agile](#)

You'll also be able to access bitesize training sessions for specific topics eg change, planning, quality, risk & teamwork. Our accredited trainers present these sessions live via [ONLIVE Virtual Classroom](#), into your home.

So you can organise a group workshop or training event and stream the 'lesson' live or take advantage of the recorded sessions at a time to suit you.

Or, as I mentioned, you may prefer to access your material via [e-learning](#).

Our courses are also available in this format which is ideal if you prefer to study at your own pace, and means you can fit your study around your personal commitments.

And you always have support through our forums and accredited trainers

If you need to book new training, our existing real classroom sessions have now been seamlessly transferred to our Virtual Classroom with all dates remaining the same.

And when you're ready to take your exam?

You can take it online - supported by our accredited bodies APM, APMG & PeopleCert. The exams are laid out clearly for you and you can complete them at any time (although I recommend you take your exams as soon as you can after you finish training)

That's it really, just a few words to let you know we want you to be safe and well, so now you can study at home, finish your training, take your exams and get qualified.

Any questions, please just ask. You can call us on **01202 736 373** email [enquiries@spoce.com](mailto:enquiries@spoce.com) or visit our website, there's lot of info there about our courses and all your options.

Best of luck and stay safe,

Paul Bradley
